## OVERVIEW / SPECIFICATION

The EcoSpec Linear HP INT Snap on Clip allows the fixture to be installed in narrow recessed slots where the standard flat mounting brackets are too wide. The center screw mounting also makes it ideal for mounting to struts and beams. The Snap on Clip also makes it possible to rough in the mounting system before fixture installation and with the addition of the mounting track, alignment of the clips is simple and easy.

Order 2 for 12 inch fixtures and 2 for 48 inch fixtures.

## OVERVIEW / SPECIFICATION

The EcoSpec Linear HP INT Mounting Track is used with the EcoSpec Linear HP INT Snap on Clip to ensure a straight and easy installation of the clip. The track can be installed before the space is finished to make the final installation of the fixtures easier. Once the track is installed the Snap on Clip simply twists and locks into place. The fixtures are then snapped into place making final installation fast and tool free.
