ECOSENSE® NAMED TO DELOITTE'S 2015 TECHNOLOGY FAST 500™ LIST

EcoSense ranked #155 on list of major technology influencers in North America

Los Angeles, CA, November 24, 2015 — EcoSense, a fast-growing LED technology company, announced today that it was named to Deloitte's prestigious 2015 Technology Fast 500 List, an annual ranking of the fastest growing North American companies in the technology, media, telecommunications, life sciences and energy tech sectors.

Over the past three years, EcoSense has grown substantially and gained valuable market share in the LED lighting segment. The company is known within the lighting industry for innovating and delivering a comprehensive line of high-performing products. These product platforms meet the technical requirements of the most demanding projects while delivering an increased lifespan and substantial energy savings.

"The technology space is constantly, and rapidly, evolving as new startups and overnight sensations enter the market delivering goods and services on a quicker and cost-effective scale," said Sandra Shirai, principal, Deloitte Consulting LLP and U.S. technology, media and telecommunications leader. "The 2015 Deloitte Technology Fast 500 winners have demonstrated remarkable innovation and at the same time have had a profound impact on businesses large and small."

In addition to the Deloitte award, EcoSense was also recently named to Inc. Magazine's 2015 List of 5000 Fastest Growing Companies and to the 2015 L.A. Business Journal's list of the Fastest Growing Private Companies in California.

"We are honored to be recognized in 2015 by these prestigious publications. Our team continues to develop forward thinking products, such as our recently launched TROV platform, that layers new technologies with creative product design. We are developing products that excite our customers and drive growth for the industry." says Mark Reynoso, CEO of EcoSense.
